THE ABUNDANT LIFE SUMMIT

action steps

On a scale from 1 to 10, with 1 being the lowest and 10 being the highest, how hopeful do you currently feel about your financial future?

What are your statements of hopelessness?

Are you currently in: the Cycle of Hope or the Cycle of Hopelessness?
What's going on specifically that shows you're in that cycle?

What are some specific actions you need to take to move from the Cycle of Hopelessness to the Cycle of Hope or to keep you in the Cycle of Hope?

final thoughts

Now that you have a better understanding of the meaning of hope and the role it plays in your finances, let's revisit this question:

On a scale from 1 to 10, how hopeful (expectant) do you feel about your money future? Has your number changed?

What are your final takeaways from our session?

What is one immediate action you need to take?
